MISC

PAPER PAPER FASTENERS

EXTRA FASTENERS

1 For a sturdier and more permanent finished piece, it is advised that you cut out this full sheet along the dashed line and mount it to a piece of heavy-weight paper.

2 All tabs to be folded are colored gray, all shapes to be cut out are filled in with red, and all interior lines to be cut are highlighted by red lines.

3 Cut all of the red X's that mark the joints on the Hoff pieces and accoutrements. (Place dark circle joints below light circle joints.)

4 Score all tabs and edges to be folded (marked by dashed lines) with the dull edge of your hobby knife.

5 Cut out and assemble all 10 of the paper paper fasteners as follows:

a Score all dashed lines on the fastener feet and cut all thick red lines, then fold as shown.

b Insert the folded feet through the slots in the washers as shown, and glue the tabs of the feet to the washer.

c Glue the cap onto the washer/feet assembly as shown.

6 Cut out all of the Hoff pieces, then cut out all of the pieces of the Hoff as shown. NOTE: Be sure to position the Hoff pants, shirt, jacket and belt before attaching the paper paper fasteners.
